

REGISTRATIONS TERMS

So as to ensure the best possible course conditions, a limited number of competitors are invited to participate in the Dakar. A.S.O. therefore sets the number of competitors in each category (Car, Bike, Quad, Truck and Assistance Vehicles) which seems appropriate to the characteristics of the rally.

Exceptionally, competitors entered for the Dakar 2008 will be entitled to priority registration from 15th May 2008 to 15th June 2008. From 15th June 2008 and until 30th June 2008 (closing date for the reception of applications), and for categories which are not already full, A.S.O. will proceed with its competitors selection system.

Entry fees are exactly the same as in 2008:

- € 13 500 for a motorbike or a quad
- € 22 800 for a car
- € 34 100 for a 4x4 truck

Return sea transport will be fully covered by ASO! The Dakar in Argentina-Chile will not be more expensive; competitors can even make real savings on items such as fuel.
